Do you want to gain valuable employment skills to help you enter the workforce, change careers or undertake further studies?

What is a Learn Local?

Learn Locals are independent community based organisations. They are all not-for-profit businesses that are established to meet the needs of their local communities.

In addition to education and training programs, many Learn Locals also deliver a range of other services for their communities including employment services, childcare and community development activities.

Why study in a Learn Local?

The Victorian Government, through the Adult, Community and Further Education Board (ACFEB), funds a network of 26 Learn Locals across Hume Region that can help eligible adult learners develop the skills to find a job or successfully undertake further studies.

Learn Locals can help you gain the confidence and the skills you need to take the next step in reaching your potential. Wherever you live across Hume area, there is a Learn Local nearby offering a wide range of courses.

Each year, over 28,000 Victorians choose to undertake government subsidised training through a Learn Local provider. These students come from a wide range of backgrounds and choose to study with a Learn Local because it is close to home, and offers a friendly environment with teachers who are focused on helping them to succeed.

What's in it for you?

Learn Locals are friendly and welcoming, with qualified tutors who are focused on helping you to succeed.

Across the Hume Region there are 26 Learn Locals. They can help you:

- › Undertake a pre-employment course to help you find a job
- › Improve your digital literacy and computer skills
- › Improve your reading, writing and math skills
- › Access English language classes
- › Improve your financial literacy skills
- › Return to study and gain a qualification
- › Get started with a pre-accredited program

How and when can you enroll?

Enrolment requirements vary across Learn Local providers. You might need to enroll in person, or you may be able to enroll over the phone, online or by mail.

You can find information on all Learn Local providers in Victoria at www.learnlocal.org.au

Fees and Costs

Learn Locals provide access to government subsidised training. Course fees are kept low and concessions apply. Contact the Learn Local directly to get further information.

Learn Locals can also provide customised training solutions to a wide range of businesses.

Learn Local providers can deliver courses that will upgrade the employment skills of both your existing and new workforce.

Programs can include:

- › Industry specific training across a wide range of sectors (including health, disability, retail, tourism, hospitality, construction, trades, business, horticulture, beauty plus many more)
- › Digital literacy training
- › Language, literacy and numeracy assistance
- › English language classes
- › Financial literacy assistance
- › Employability skills
- › Occupational Health and Safety

If you would like to find out more about how your business can work with Learn Locals to deliver training programs please contact training.participation@edumail.vic.gov.au

"A pre-accredited program specifically addressing skills identified and co-designed with local manufacturers in Wangaratta, resulted in a 80% employment outcome for participants."

– Felicity Williams
CEO, The Centre for Continuing Education

"I'm excited to be finishing the course. I have made some great friends and have been lucky enough to secure a full time position in disability support where I completed my work placement. All round this course was exactly what I needed to get me to where I am today."

– Michelle

"I saw this as a good opportunity for me to do something different in an area that will hopefully lead to more job security. I haven't been to school for over 30 years and was not sure how I would go, but the teachers were all very helpful and supportive."

– Wayne

"For me it was really good because I was a stay-at-home mum for 10 years and I had lost my confidence. The eight weeks of building your skills back up and knowing that I do have those skills and that I can get back into the workforce was invaluable."

– Trish
